Marina

Our marina, rebuilt in 2004, has 160 boat wells that can accommodate boats with an overall length of 16 to 39 feet. Two tie-ups are available on the outside breakwall of D-dock. Residents may dock their boat for the day at these tie-ups for a $10 daily tie up fee. Open wells inside the Marina will also be available to residents for a $25 daily tie up fee. Contact the Park Office to gain prior approval from the Harbor Master.

Obtaining A Well

When wells are sold out, there is a waiting list for each well size: 22', 24', 30', 32', 34', 40'. To be placed on a waiting list, please apply at City Hall. There is a $25 fee to be placed on the first waiting list and $5 for each additional list. Wells are offered to the waiting list based on seniority.

Smaller wells are still available for the 2018 season. Contact the Parks and Recreation Office for details.

Important Reminders

All fueling must be done outside of the Marina. **Fueling boats in the marina is a fire hazard**, as fuel can spill into the water and onto the dock. Should any spilled fuel ignite, fire would rapidly consume neighboring boats.

When disconnecting power cables from your boat, the cable must also be disconnected from the power tower, or the breaker must be turned off. This is to control stray currents in the marina.

Fishing and swimming is not permitted in the harbor at any time.

Please report any violations to the Department staff, where they will be documented and reported to the Harbor Master resulting in warnings to revocation of the mooring permit.

Grosse Pointe Boat Club

Do you have a boat, wish you had a boat, or just have interest in boating? Check out the Grosse Pointe Boat Club, an organization of boating enthusiasts that operates out of Neff Park.

GPBC members include owners of power and sailboats, retired boaters, and people who simply like boats and the water. The club is open to everyone, with special emphasis on boaters with wells at Neff Park. Membership is just $40 per family per year.

The club sponsors social events during the boating season and organizes overnight boating trips to locations along Lake St. Clair. Annual events, which take place at the “Littlest Club” at Neff Park, include a lobster boil, steak roast, and chili cook-off. Kids are welcome at all events.

From June through August, the club runs sailboat races out of the park at 7:00 pm on Wednesday evenings. The booms that you hear are from the cannons that start and end the races. Residents and club members are always welcome to watch the action at the end of the pier, but bring your earplugs! If you would like to crew, come down to the marina between 6:00 and 6:30 pm and the racers will direct you to a boat. It’s a great way to get out on the water and meet new people.

For additional information, check out the GPBC Showcase at Neff Park or go to www.grossepointeboatclub.com for membership applications.

Children must be 11 by the last day of the class to receive certification. Fee includes course training manual and babysitter first aid kit. There is a minimum class size of 5 participants.

Lifeguard Training

The American Red Cross Lifeguard Training course trains participants in the recognition of, prevention of, and care for aquatic emergencies. Skills include rescue breathing, CPR, AED use, spinal injury management, and first aid. Participants must be 15 years old by the last class, able to swim 300 yards continuously, and retrieve a 10 pound brick in 8 feet of water.

Guard Start

Participants will learn the basic water safety and rescue skills that will help them to become certified lifeguards in the future. There is no certification for this course. Children must be at least 11 years old to register.

Water Safety Instructor Aide

Swim Instructor Aides will assist Water Safety instructors in conducting American Red Cross Swimming and Water Safety courses. This position is particularly available for candidates who do not meet the minimum age requirements for the Water Safety Instructor course but would like to further their water safety training.

Prerequisites include a minimum of 10 years of age, exhibit a strong sense of maturity and responsibility, and demonstrate all skills listed as completion requirements for Level IV of the American Red Cross Learn to Swim Program. This is a volunteer position and will be made available to interested candidates during Session I, II and III. There is no course registration or fee. Contact the Park Office for additional details.
Tennis Lessons

Instructors from Eastside Tennis and Fitness Club will offer different levels of tennis lessons for the beginner, intermediate, and advanced player. Participants will need to bring their own racquets. All classes will meet at tennis courts 9 and 10 at Elworthy Field unless it is raining or storming.

Tennis Lessons

Once again, the City’s tennis classes will follow the USTA- Ten and Under Tennis- 3 Stage System. This progression system is used nationwide as well as in Canada and Europe and it is the progression that all the top academies use with their juniors. This system has been designed to make tennis more fun, easier, safer and more encouraging for younger players, and each of our staff members have undergone training in each of the 3 stages. For more information on this system, please visit the USTA website for a full description and video tutorials of the process.

Stage 1: This stage is conducted on a 36’ court, using “red” tennis balls that are 15% larger. This stage is intended to introduce players to all of the proper strokes: Forehand, Backhand, volleys, overhead and serves, and also to introduce the concept of rallying. Students at this stage are expected to have a working knowledge of all strokes and have the ability to rally the ball over the net before moving on to Stage 2. Recommended for 4 to 8 years of age.

Stage 2: Instruction is conducted on a 60’ court, using “orange” balls that have approximately 50% of the compression of yellow balls. Having mastered their strokes and the ability to rally, students on these courts will be continuing to work on proper technique, as well as learning how to play singles and doubles points and matches and begin to learn basic strategy. Recommended for 6 to 10 years of age.

Stage 3: Stage 3 tennis is played on a full – size court using “green” balls, with 75% of the compression of yellow balls. Players at this stage should now have the knowledge and ability to play points, control where they hit the ball and consistently make and return serves. Instruction focuses on continuing to improve technique, more advanced footwork and more complex match play situations. Recommended for 6 to 10 years of age.

Beginner Tennis: This program is designed to teach older kids the basic strokes, footwork and rally skills on a full size court, with yellow (regular) balls in a manner that is more suited to their age, height/weight and coordination. Instruction begins with basic stroke work, quickly adding footwork and rally skills and culminating in point play. Recommended for ages 10 and older.

Advanced Tennis: Advanced Junior Tennis is for players who are already familiar with all the strokes, footwork and strategy necessary to play a match. Instruction in this class will work on continuing to polish all strokes and footwork, and introduce more advanced singles and doubles strategies. Recommended for ages 10 and older.

Placement into the different stages should be based on experience and age. However, there are other important factors such as the height of the child, eye-hand coordination and movement abilities. We encourage parents to put their child in the class that most fits their child, but understand that sometimes the player’s available times just do not correlate to the proper class. In such situations we encourage attempted participation, but ask that participants are understanding that class curriculum cannot be altered for just one child.
Aquatic Programs

We offer a number of Aquatic Programs for all ages and abilities. All classes meet on the pool deck. Unless otherwise indicated, classes have a minimum of five participants. See the class schedule on page 14 for meeting times and fees.

Early Morning Lap Swim

The pool will be open early every morning from Saturday, May 25 through Monday, September 2 for early morning lap swimmers. An annual $50 registration fee is required. Early Morning Lap Swimming registration sheets will be provided to the gate guards and participants will be checked in upon entry. **Registration for early morning lap swim will be limited to City Residents only.**

Special Needs

With advance notice, we can accommodate your particular needs. A water wheelchair is available for the pool.

Unless otherwise indicated, classes have a minimum of five participants. See the class schedule on page 14 for meeting times and fees.

Adult Aquatic Improvement

From beginners to those who wish to improve their stroke technique and endurance, this course is open to all adults. At the beginning of the session, you will have a chance to discuss your goals with the instructor. Instruction and feedback will be tailored to the needs of each participant. Take to the open water with our kayaking program. Neff Park has a floating dock that can be used to launch kayaks, canoes, and other small watercraft. A waiting list is available for the limited storage space on the lakeside racks. Our dolly can be used to move your boat from the car to the launch area. If you don’t own a kayak, one can be rented from the City after completing the kayak rental waiver.

Small Boat Storage (Sunfish/Kayak) Waiting List
The kayak storage racks can hold kayaks, canoes, and small boats. The storage fee for the season is $150 for kayaks and $200 for sunfish for year round storage. In order to be placed on the waiting list, call the park office or apply at City Hall. There is a $25 fee to be placed on the small boat storage waiting list.

Kayak Rentals
In order to rent a City kayak, you must complete a one time waiver in the Parks and Recreation office. If you have previously completed the Kayak Safety Rental Course, your waiver is still valid. Once the City has your waiver on file, you may rent one of the City’s kayaks for $5 per hour. This fee includes one kayak, a personal floatation device and paddle. Rentals can be made in the park office during normal business hours. Residents must be 18 and older to rent a City kayak.
