### **NOTICE TO RESIDENTS**

**December 09, 2019**

### **PUBLIC SAFETY PROJECT**

This notice is to update you on the activities at the DPS construction project located at 17320 Mack Ave. Over the last week, the building has continued to take shape, with the roof framing and continued masonry walls. Plumbing and electrical sleeve and piping will continue throughout the main level and second floor. In the next couple of weeks, it is anticipated that the roofing will start to be laid, getting us one step closer to getting the building completely weather tight. The City of Grosse Pointe wishes to apologize in advance for any inconvenience related to the construction and hopes to complete the project in a timely manner. If you have any questions or concerns, please feel free to contact me or the contractor at the following:
