NOTICE TO RESIDENTS

December 27, 2019

PUBLIC WORKS PROJECT

This notice is to update you on the forthcoming activities at the DPW project at 17147 Maumee Ave. The frame of the pre-engineered building is up and the masonry walls have been started. To take advantage of this warmer weather, the contractor is planning to work tomorrow, Saturday December 28th. No work will happen before 8am, with only the concrete footings being poured throughout the day. For the next couple weeks, the mason will continue working on footings and the perimeter wall. Starting next week, pre-engineered wall panels will arrive on site and the install will begin. The water main work along the west property line has been complete and over the next couple weeks, Maumee Ave will be restored. The City of Grosse Pointe wishes to apologize in advance for any inconvenience related to the construction and hopes to complete the project in a timely manner. If you have any questions or concerns, please feel free to contact me or the contractor at the following:

DeMaria Sr. Project Superintendent: Dennis Dollar
