### **NOTICE TO RESIDENTS**

**June 12, 2020**

### **PUBLIC WORKS PROJECT**

This notice is to update you on the activities at the DPW project at 17147 Maumee Ave. The contractor has been working on framing in the front part of the material storage building in the front. On Saturday, June 13, the contractor will be working on buttressing the wood trusses for the roof of that building. Also on Saturday, the sidewalk in front of City Hall will be poured in anticipation of its opening to the public next week. The City Hall drop box at the corner of Neff and Maumee will remain open and accessible for any drops that need to be made over the weekend. On Monday, it will be relocated in front of City Hall to facilitate payments and document drop offs that do not require entering City Hall, as a COVID-19 precaution. Next week, interior electrical service installation, fire protection sprinkler systems, window panels and interior space build out continue.

The City of Grosse Pointe wishes to apologize in advance for any inconvenience related to the construction and hopes to complete the project in a timely manner. If you have any questions or concerns, please feel free to contact me or the contractor at the following:
