NOTICE TO RESIDENTS

APRIL 09, 2019

PUBLIC WORKS PROJECT

This notice is to update you on the activities at the Public Works construction project at 17147 Maumee Ave. The abatement of the existing court and Public Works buildings is completed. With the abatement wrapping up in the Public Works today, the demolition contractor will begin the demolition of the existing fencing, landscaping and Public Works building tomorrow, April 10th. A larger machine will be delivered later this week to help with the larger items to be demolished. Once the Public Works building demolition is complete, the addition to the existing Public Safety building in the back where the court/council chambers will be demolished. The demo process is anticipated to take approximately two-three weeks. Due to the proximity of the existing DPW building to the lot lines, the temporary fencing will progress with the demo.

The City of Grosse Pointe wishes to apologize in advance for any inconvenience related to the construction and hopes to complete the project in a timely manner. If you have any questions or concerns, please feel free to contact the following:

DeMaria Sr. Project Superintendent: Nick Annoni (248) 982-2331
